ABOUT THE PROGRAM

The Dual Master's Degree Program in Cyber Crime Law and Digital Forensics, offered collaboratively by Tashkent State University of Law (TSUL) and the National Forensic Sciences University (NFSU), is designed to equip students with the essential knowledge and practical skills to address the complex challenges of cybercrime investigation and digital forensic analysis. This interdisciplinary program integrates legal education with advanced forensic methodologies, enabling students to develop a comprehensive understanding of the legal frameworks governing cyber activities, along with the technical proficiency required to analyze and investigate digital evidence effectively.

PROGRAM OUTCOMES

The Dual Master's Degree Program in Cyber Crime Law and Digital Forensics, offered by TSUL and NFSU, empowers students with the expertise and practical skills required to tackle the evolving challenges of cybercrime investigation and digital security. Through a synergistic blend of legal knowledge and forensic techniques, graduates emerge as proficient professionals capable of making meaningful contributions to the field. Upon completion, students earn a prestigious dual degree by both institutions.
